Ethan Allen to Reopen at Annapolis Towne Centre with New, 8,550-square-foot Design Center

Owings Mills, Md. (June 9, 2011) — Greenberg Gibbons announced today that Ethan Allen will open a new Design Center at Annapolis Towne Centre. The retailer, which closed its popular store on Solomons Island Road last year, will open its revamped location this summer.

The 8,550-square-foot showroom will offer custom made, high-quality furniture and accessories for the home. The eighty year old company is known for its modern perspective on classic designs, and the majority of its furnishings are hand crafted and made in the United States.

At Annapolis Towne Centre, Ethan Allen will round out an already robust collection of retailers for the house and home, including Restoration Hardware, Arhaus, Great Gatherings, Bed Bath & Beyond, Desl Living, and Sur La Table.

“With the addition of Ethan Allen, Annapolis Towne Centre has further become the premier destination for home furnishings in the area,” said Brian Gibbons, chairman and CEO of Greenberg Gibbons. “In one block on Towne Centre Boulevard, customers can find virtually everything to make their home special.”

Ethan Allen will join a premium mix of retailers, restaurants and services at Annapolis Towne Centre, the two million square-foot, mixed-use development. The center also features Class A office space, luxury condos and apartments. For more information, go to www.visitatc.com.

About Greenberg Gibbons

Founded in 1968, Greenberg Gibbons is one of the Baltimore-Washington region's premier developers of mixed-use, town center and retail properties. The company's portfolio includes more than four million square feet of existing and new development. Its signature projects include the award-winning revitalization of Hunt Valley Towne Centre and Annapolis Towne Centre. For more information, go to www.ggcommercial.com.
